From: David Miller, Real Estate Veteran and Software Designer

Dear Homeowner,

I've been helping people sell their homes for some time now. The first question people ask me is, "How is it possible that I can sell my home quicker with your system than with a real estate agent who gets paid thousands to be an expert?"

What you may not realize is that the Internet has revolutionized the real estate industry. Agents have become

obsolete because homebuyers can now research for sale homes online. Hiring a real estate agent just doesn't make sense anymore.

Some people still insist on the old way of selling property. I watched in frustration as a friend of mine decided to go with a real estate agent simply because his father had been one. He had the misfortune of choosing an agent that overinflated the market value of his house.

Of course, an over-priced house will not sell. Plus, listings on the market more than 120 days old are "stale" and much harder to sell. By the time my friend decided to try my system, he was forced to mark down his home dramatically to ensure its sale.

If only he had tried my system first. He would have had it priced right and sold fast! He could have saved \$14,000 on the sale of his home, plus another \$50,000 on the sale price!

He could have been like my other clients, some of whom sell their homes within just days of placing their listings. The screen shots below show you a small sampling of the many homes we have sold through this program. Your home could be the next sale to benefit!

Undeniable Proof That This Program Works

How do I know this system works? We were one of the first "Entry Only" services in Massachusetts. Since 2001 I've seen homeowner after homeowner succeed. Referrals and word of mouth from my customers have brought in so much business that the savings to date are upwards of hundreds of thousands of dollars.

But you don't need to take my word for it. See what these satisfied customers had to say...

TESTIMONIALS

My wife and I saved over \$5431.00 using this system to sell our house on our own...all I can say is thank you! I would recommend this service highly. Best part, no out of pocket expenses.

I was VERY skeptical about this "free" service. But the process was fairly easy and straight forward...it works and it was no upfront costs. David really help me get it done.

"We SOLD our house without a broker in 14days!!"
Thank you for your help!

Respond immediately and you may secure one of the few remaining free MLS listings we have available. Why would we give such a valuable service away for free? Because we know that even though our Flat Fee listing plan is cheaper than any other listing service, some people may be reluctant to try it.

But paying thousands for help with a project you can handle yourself is just insane and foolish. I have seen firsthand how much you can save and I'm eager to show you how easy it is to sell your home without a real estate agent. If your home does not sell, you pay NOTHING! No other plan can promise you that.

How it Works

Under our Free MLS listing plan, we ONLY get paid if we sell your house, if you sell your house to your own buyer...you pay us NOTHING. If we sell your home through our MLS network, by law we must offer a compensation to the buyer agent. Most brokers will take 2.0% and we make ONLY 1/2%...

Remember, you only pay if we sell your home. The program is CANCELLABLE at any time. You only pay 2.5%...that's it!

It's FREE to get started today.

More Than Just a Simple Listing

Some homeowners come to me worried that they won't know how to price their homes or how to handle showings. That's why I used my expertise in real estate and programming to develop the Centralized Showing Service, a simple service that lets you sell your home on your own without going it alone.

Our system gives you much more than just a photo and description like some other services. You get all of the following:

- Listing in MLS until you sell your home including up to 25 color photographs in your listing!
- Licensed Appraiser gives you their Opinion Of Value
- Unlimited Open House Notifications
- Listings appear within 36hrs
- You can contact us directly to update showing instructions
- Printable reports on each showing with feedback from agents showing your home.

No One is a Better Salesman

The truth is that you are the best salesperson for your home. No real estate agent can show off the features of your home better than someone who actually lives there. As more homeowners realize this truth, For Sale By Owner listings have skyrocketed. Today 80% of homeowners sell their homes on their own. They see the reward of saving \$5000, \$10,000, \$15,000 or more by evading real estate agent commissions.

Our system walks you through selling your home with a website and support staff that cares about your needs. With this system you get:

- More showings on your listings
- Easy-to-read showing slips
- Convenient website-based reporting capabilities
- Agents who show your listing type feedback comments from the showing into our website so you can see what potential buyers had to say about the property.
- Sellers can contact us directly to update showing instructions
- Our trained and responsible staff handle sales more professionally
- Extended hours: 8am to 8pm Monday through Saturday, 8am to 6pm Sunday. This means we are open 30% longer than a standard real estate office

Frequently Asked Questions

Q. How quickly will I see results?

A. It depends on the pricing and the condition of your home. People that follow what we recommend step by step have very quick results.

Q. I already have my home on "I sold my house.com" isn't that good enough?

A. Not if it still isn't sold! You can use ISMH but keep in mind 90% of all homes are sold through MLS, not ISMH. Our listing will not affect your ISMH listing and can only help you gain more exposure for your listing.

Q. I've never sold a house online before. I can barely use a computer! Will I be able to follow this program?

A. Absolutely! If you can use the Internet and e-mail, you can use this program.
